

Music that moves through your day.

The Harman Kardon Luna 2 makes every part of your day sound better. Ease into your morning with music on the patio, let your favorite playlist follow you into the kitchen while you start dinner, and turn it up when your friends come over in the evening. Luna 2 moves effortlessly with you through it all. The durable aluminum build and ergonomic design make it easy to carry, with a shape that feels great in your hand. It delivers clear, balanced sound with powerful bass, while the ambient light adds a warm, inviting glow that stays in tune with your mood. Personalize your sound and lighting with the Harman Kardon One app, and to expand your experience even further, use AirTouch™ to pair two Luna 2 speakers for true stereo sound. Luna 2 goes where you go, carrying the soundtrack of your day.

Features

- ▶ Ambient light
- ▶ Bluetooth music streaming
- ▶ Multi-speaker connection by Auracast™
- ▶ AirTouch™ Stereo Pairing
- ▶ IP67 waterproof and dustproof
- ▶ Harman Kardon One app
- ▶ Made in part with recycled materials

Features and Benefits

Solid build with refined design

With its dual aluminum speaker grilles and subtly angled design, Luna 2 is built to deliver clear and balanced wireless audio wherever you place it. The durable build feels solid in your hand, while the contoured back makes it easy to grab and go—whether you're heading out to the patio with your morning coffee or carrying it into the kitchen to make dinner. Smart, stylish, and made to move, Luna 2 keeps your soundtrack going all day.

Superior sound performance with AI Sound Boost

AI Sound Boost automatically analyzes and adjusts your music in real time to deliver deeper bass and fuller dynamics without distortion, even when you turn it up. Whether it's full-on rock or an intimate acoustic tune, you'll hear the full emotional range of your favorite music—crisp, vibrant, and designed to draw you into the moment.

Built-in battery for 12 hours playtime

With up to 12 hours of playtime on a single charge, Luna 2 keeps the music going from your first cup of coffee to lights-out. Whether you're chilling on the patio or dancing in the living room, you can bring your sound with you all day long. No outlets, no interruptions, just music that moves with you.

Ambient light

Soft ambient lighting adds subtle atmosphere to your listening space, elevating your music without feeling distracting. Luna 2 offers six signature light themes. Use the Harman Kardon One app to customize colors and patterns to match your vibe, making every moment feel just right. You can even sync multiple light-enhanced Auracast™-enabled speakers to spread the glow from room to room.

Bluetooth music streaming

Luna 2 connects seamlessly up to two mobile devices simultaneously via Bluetooth®. So when your friends come over, they can share their new favorite songs direct from their phones in exceptional, high-quality audio.

Multi-speaker connection by Auracast™

The Luna 2 features multi-speaker connection via Auracast™. Simple press Auracast button on the speaker or use the Harman Kardon One app to connect two or more Auracast™-enabled Harman Kardon speakers and fill your space with seamless synchronized sound. Whether you're setting a mood or throwing a party, effortlessly connect as many speakers as you want for an immersive sound experience.

AirTouch™ Stereo Pairing

Bring two Luna 2 speakers close together and they automatically pair into left and right channels. It's the easiest way to enjoy true stereo sound.

IP67 waterproof and dustproof

It would take a lot more than an accidental dunk in the pool or a sudden thunderstorm to spoil your soundtrack. The Harman Kardon Luna 2's IP67 dustproof and waterproof rating means it's remarkably durable, along with sounding beautiful and looking elegant.

Harman Kardon One app

The Harman Kardon One app makes it easy to set up your Luna 2 and personalize the audio and lightshow settings. You can also customize EQ, manage all your compatible speakers in one convenient place, and even install software updates—all from the comfort of your couch.

Made in part with recycled materials

The Harman Kardon Luna 2 incorporates post-consumer recycled plastic, recycled aluminum and recycled neodymium in our speaker drivers. It is also packaged in FSC-certified paper printed with soy ink.

What's in the box

- 1x Harman Kardon Luna 2
- 1x Quick start guide
- 1x Safety sheet

Technical Specifications

General specification

- Power supply: USB5V/3A
